PROGRAM DIRECTORS: SCOTT PELLERIN AND JOE FLANAGAN

There is no other program that will help develop your young player's skills like the **Shooting Stars Spring Development Program**. Our unique program features a mix of on-ice and off-ice instruction by professional power skating instructors and experienced instructors. We use an **On-Ice Three Zone Training Method** that will help your players work on the three most important parts of development:

- Skating** with a professional certified skating instructor
- Puck handling and shooting skills**
- Small area game play** to help develop confidence with the puck, as well as offering your player to apply their skating, shooting, decision making, and "hockey sense" skills

*There will be no sessions during Memorial Day weekend *

TUITION: \$285 per player
